

PCC TEAM: READY TO RECORD?

Best practices: **set up & start recording prior to bringing patient back.**

- iPad is in landscape orientation
- 5ft of the conversation space
- Use the rear camera
- Try to include yourself & the patient in camera view or change who is in view day by day to focus on new techniques.

Tap
Performance

Tap your name
as '**Provider**'
& Fill in
Patient Name

Tap **Record**
& bring your
patient back

Have your
conversation as
you normally
would.

Once patient exits,
return to the
device & tap **Save**

Leave the app open to
ensure your video
uploads
